

ORINOCO™ PC Card

Plus high-speed serial networking at 11 Mb/s, and serial storage access for faster data transfer capabilities, and a wide range of network device configurations.

**2.5 Gb SONET Micro Add/Drop Multiplexer (Micro ADM)
OC-48/STM-16 Interface Module**

SONET/SDH add/drop in a network module that provides high bandwidth, remote connectivity to network, backbone, and DM applications.

**Industry's First Integrated Multi-Terabit OC-768C-Capable
Switch Fabric for High-Performance Networks**

Both your speed and network density depend on this.
